Older Americans Act Funding
Bid Process for 2019-22
Request for Public Comments**

The Area Agency on Aging is preparing a Bid Process for the period January 2019 –December 2022. We do not expect any change from the currently available federal and state funding.

We are inviting public comment on the county services and funding levels for 2019 – 2022 that follow in this notice. The total amount for the county and regional allocation are fixed, so funding of a current service would need to be reduced in order to add funding for a new service.

Public comments will be received from February 5, 2018 – March 5, 2018. Comments may be submitted to Jeanne Mbagwu at jmbagwu@info4seniors.org or mailed to 40 W. Second St., Dayton, OH 45402.

For each county listed, details for the county allocation are in the first chart. In addition, a second chart lists the funding for the county that is distributed through a regional process. The allocations for regional services for the nine counties are also included at the end of this notice.
