Addiction Through the Lens of Older Adults:

Risk Factors, Your Role & Resources

March 31, 2026
9am-12:15pm
3.0 CEUs

**Sign-in required between
8:30am and 9:00am.**

**Area Agency on Aging, PSA 2
Continuing Education Workshop**

Purpose:

According to the National Institute of Health, nearly 1 million adults 65 and older live with substance use disorder. While the information on how drugs and alcohol affect the aging brain is limited, we know that social and physical changes associated with aging may increase the vulnerability to substance misuse. This training will explore the growing public health concern of substance use disorder among older adults and the need for increased awareness and support.

Participants will explore the unique challenges faced by older adults and the various factors contributing to addiction. By understanding the signs, symptoms, and treatment options available, participants will be better equipped to support older adults struggling with addiction and help them maintain a healthy and fulfilling life.

Presenters:

Dr. Marketa Robinson, Ph.D, M.Ed, is the Executive Director of the Urban Minority Alcoholism and Drug Abuse Outreach Program (UMADAOP of Dayton). Dr. Robinson is certified as a Licensed Chemical Dependency Counselor and Ohio Certified Prevention Consultant with over 20 years of experience in treatment and prevention. Her career focus has been to improve the well-being and life choices of those we serve and increase access and availability of quality services.

Michael Mann is the Senior Coordinator for UMADAOP of Dayton. Mr. Mann is an Ohio Certified Prevention Consultant with more than 20 years of experience in the field of Prevention. He specializes in older adult wellness and has demonstrated a lifelong commitment to advancing health and recovery outcomes for older adults across diverse communities.

Cancellation:

Cancellation for refund must be received no later than **March 27**.

Future Workshops:

Visit our website for information on future training opportunities. You may also register to receive email notifications when new brochures are posted.

www.info4seniors.org

Objectives:

Participants will be able to:

- Recognize the **prevalence of substance use disorder** in older adults.
- Identify three **risk factors** for substance use disorder in older adults.
- Explore the various **screening tools** that can be used with older adults.
- Outline how to **approach** an older adult when you suspect drug and/or alcohol addiction.

Continuing Education:

- 3.0 clock hours for social workers, **#RSX089101**.
- The Ohio Board of Nursing accepts events approved for counselors and social workers for continuing nursing education.

All registrants who require CEUs are required to sign in. Late arrival or leaving early results in time modification of CEU certificate/credit.

This workshop takes place on Zoom. A link and any handouts will be emailed the day before the workshop. Attendance is required for CEU credit.
